Horty brought up an idea to have a video made of the members showing their planes to have an archive of the members and what they fly. No decision was made.

Dave C. asked that a club dues reminder go out in the next newsletter.

There was some discussion around some work that needs to be done to the safety cages and the gate. One cage will need complete rebuild and the gate needs the cable secured to the center post.

**Good of the Order:**

Alan brought in his new ducted fan electric motor that is going in his new Phantom. It looks huge!

Horty had a safety tip around not clipping both wires on a battery at once. I guess he let the smoke out of that battery. That led to multiple stories of electrical mishaps.

Meeting was adjourned at 7:54 pm

Nov 30th was a great day for flying!
