September 2010

Next Meeting: September 12th 2010
During the Electric Fly-In lunch break
Herren Field - Toledo, WA

Minutes July 11th 2010

The meeting was called to order at 11:07 am.

Members present:

Dick Anderson	Monte Zuger
Earl Erdman	Bob Stedham
Rob Withey	John Milton
Alan & Vera Piercy	Lynn Withey
Leonard & Audrey Victor	Bill Martin

Minutes from the May 2010 meeting were accepted as published.

The Treasurer's report was read by the Secretary in the Treasures absence and accepted.

Correspondence:

The Secretary reported that both Tower Hobbies and Horizon Hobby failed to provide raffle donations for the upcoming fly-in.

Several pieces of correspondence was read concerning upcoming area events at other clubs. All are available on our club web forum.

Bill Martin submitted that a new hobby shop is open in Portland, Oregon. Remote Control Hobbies at 12412 NE Halsey Street in Portland.

Bob Stedham reported on the MECA/LCRCers Swamp Meet. Fifty seven paid admissions and 21 tables bought. There was discussion about the rules not being followed as published on the flyer. Vendors only were to be admitted at 9am and all others at 10am. Everyone was allowed in at 9am. Bob suggested that next year the rules be posted at the door and ENFORCED! A motion was made and passed to enforce the times as published on the flyer and posted on the door.

It was also discussed that due to low donations - money was lost on the swap meet donuts and coffee.

There is a new Principal at Toledo High School. It is unknown at this time if that will effect our ability to use the high school for next years swap meet.

Old Business:

Discussions and planning took place on the July 18th Fly-In. The Secretary reported flyers have been created and sent to the "all area club" list created from the AMA web site. Flyers are also available on the web site if members want to print and distribute them. Alan will manage the food and propane needs. Earl will handle the money and transmitter impound. Cooks to be decided. Rob and Audrey will start setup at 8:30am. Bill was authorized to spend \$100 on raffle prizes. Bob will bring the raffle tickets and the money box.

Todd Belden was not present for an update on the PIN box remodel. Discussions took place on various options to include keeping the club information and rules visible from the outside.

Some social time after the July 11th Meeting.

New Business:

The Electric Only Fly-In is scheduled for Sunday, September 12th with flying to begin at 9am. Discussions took place on food needs. It was decided to evaluate the food supplies at the tear down work party for the Threshing Bee.

The work party to tear down for the Threshing Bee is Sunday, August 15th. The Secretary will send and email reminder out the week before. Alan volunteered to take the mower home for some needed routine maintenance.

A big thank you to Bill Martin for providing a new windsock and to Leonard for repairing and modifying the mast after the new "highly efficient" wind sock FLEW AWAY!

The sani-can is scheduled to be cleaned Thursday.

Good of the Order:

Bob Stedham exclaimed - "Let's Fly!"
So we did

The next meeting will be Sunday, September 12th, 2010 at Herren Field during lunch at the Electric Only Fly-In.

The meeting was adjourned 11:40am.

Flying July 11th 2010

Bill Martin had his new scratch built foamy cargo plane out. It features twin electric motors and bomb drop doors.

The kids had a blast picking up the dropped candy bars at the fly-in!

Dick Anderson had his new ParkZone T-28D Trojan out. After sorting out some problems with the included receiver picking up interference, it had some great flights.

Alan Piercy had his foam "Alienator" forward swept wing out. What an odd but some how cool looking plane.

Other Photographs

The Secretary had his Great Planes Ultra Sport 1000 out for it's maiden flight. It is powered by a SuperTigre 2500.

Threshing Bee underway on the runway

July Fly-In Photographs

Bill Martin did a great job getting the prizes organized this year. And thanks to his brother at Remote Control Hobbies in Olympia for their generosity!

The kids enjoyed the candy drops from Bill Martin and the Secretary's cargo planes.

One incident on the runway. The plane taking off failed to yield the right of way to the plane landing resulting in a head on collision.

Several members took advantage of the Herren Field down time for the Threshing Bee to fly at neighboring clubs fields including Brady and Goble. Audrey is taxing here at the Goble Field.

Email newsletter:

If you are interested in receiving the newsletters via email instead of the postal service, please send me an email saying so. This saves the club from spending money on paper, ink and postage.
